

Corporate Kits

Standard Corporate Kits

All Kits Include:

RASi offers several different corporate kits for your company and stock information. All kits come with a 3 ring binder to keep your documents securely in place and feature pockets to help you stay organized. Each kit includes an embossing seal, stock/member certificates, and various forms including optional sample bylaws and minutes.

Space Saver Kit

This popular style contains a beautifully handcrafted leatherette ring book with rounded spine and concealed rivet construction with the entity name stamped in gold. The book slides into a matching protective slipcase. Available in maroon, blue or black.

Value Kit

This kit contains a beautifully handcrafted leatherette D-ring book with flat spine and concealed back cover rivet construction with a clear label holder on the spine for the entity name. The book slides into a matching protective slipcase. Available in black.

Attorney Special Kit

This heavy-duty kit includes a handcrafted leatherette ring book with rounded spine and concealed rivet construction with the entity name stamped in gold. The kit components are enclosed in a presentation box also bearing the entity name in gold. Available in maroon, blue, or black.

A-1 Kit

The binder included with this kit is easy to use and beautiful. It has concealed rivets and a rounded back, with the entity name stamped in gold. It closes easily and securely with a Velcro closure and offers extra capacity. Available in maroon.

Deluxe Kit

This kit is built to impress with a very heavy duty and high quality post binder with the entity name stamped in gold. The stock certificates are enclosed in a certificate binder. The kit components are enclosed in a presentation box also bearing the entity name in gold and gold stamped seal pouch. Available in black or maroon.

Electronic Corporate Kits

Basic E-Kit

This kit includes printing instructions, By-Laws/Operating Agreement, 20 certificates, recording stubs, a basic seal, back wording files, a stock/member ledger, and a company name insert for your own binder.

Gold E-Kit

This kit contains everything in the standard as well as the ability to issue more certificates and add signatures. The kit also includes a higher end seal available as a separate file and a blank fillable stub sheet.
